Re: The [REDACTED] request for DDS&T response on the US Navy Western Pacific and Indian Ocean Bases Study.

I talked with [REDACTED] and each assures me that there will be no problem to prepare some contribution. I reminded them of the mid-November deadline and will check back with them on 9 November if they haven't forwarded contributions by that time. I have asked that they be sent thru DDS&T to be sure of a coordinated Directorate viewpoint.
